

The background is a dark blue sky with pixel art clouds in shades of blue and purple. The ground is a horizontal strip of green grass on top of brown soil. Decorative elements include pink flowers with green leaves on the left and right, and red mushrooms with white spots on the left and right. In the center, there are two blue flags on silver poles flanking a green rectangular sign.

# LETS TAKE ABOUT SPIRITUAL ATTACKS

START

# WHAT ARE SPIRITUAL ATTACKS?

A spiritual attack is a **targeted assault on a person's spirit**, aimed at weakening or hindering their relationship with God. It can come in many forms, including negative thoughts, temptations, doubts, fears, or even physical illnesses.

# THE GAME OF LIFE

The life we live is sort of like a game, our main goal is to go to heaven. The way we go to heaven is firstly by accepting Jesus into our lives and repented from what we have done.

The way we 'level up' or increase our power is by building our relationship with Jesus; this is done in many ways:

Praying  
Reading our Bible  
And fasting

# THE ENEMY?

The enemy is trying to stop us from getting closer to Jesus, and a way that this is done is by spiritual attacks. It can be thoughts, temptations, doubts, and in certain circumstances even physical illness.

# WHAT DO WE NEED TO DO?

01

Prayer helps us to **seek guidance and protection, using specific prayers, and building faith in God's protection.**

Prayer is a continuous conversation with God that provides comfort, resilience, and helps overcome spiritual attacks.

02

The Bible offers insights into these spiritual attacks, providing guidance on how to recognise and combat them. Understanding what scripture says can empower you to navigate these tough times with confidence.

03

Fasting is important in spiritual warfare because they align the believer's heart and mind with God's will, enabling them to stand firm against the schemes of the enemy.
